

AMENDMENTS TO THE SPECIFICATION:

At page 9, after line 12, insert the following new paragraph:

Brief Description of the Drawings:

Fig. 1 provides a graph of the results from animal tests comparing continuous administration vs. once daily administration.

Fig. 2 provides a graph of the results of animal tests for reduction in body weight after 14 days continuous administration and 7 days thereafter.

At page 12 (Abstract), amend the Abstract as follows:

~~The invention relates to~~ Methods for the use of dopamine receptor antagonists, particularly pramipexole, for preparing a pharmaceutical composition for reducing excessive food intake, particularly in a subject ranging from 6 to 18 years old and having type 2 diabetes, and for treating obesity in the subject.
